General Services Administration, Commercial Platform Initiative - Policies and Procedures

- USDA is participating in General Services Administration (GSA), Commercial Platform Initiative (CPI) to three e-marketplace platform providers as part of implementation efforts for the Commercial Platforms program and Section 846 of the 2018 National Defense Authorization Act. The three vendors are Amazon Business, Fisher Scientific, and Overstock.
 - To access and register with these accounts, you must be a USDA employee with a purchase card.
 - [Amazon Business User Registration Guide \(PDF\)](#)
 - To access Fisher Scientific, the POC is beth.delayney@thermofisher.com; jesse.nicholson@thermofisher.com
 - To access Overstock , you can reach out to Overstock. Gov concierge @concierge@overstockgovernment.com or 1-866-596-5845 (Monday – Friday 9:00 am – 5:30 pm EST)
 - Each agency has a system administrator
 - [USDA Amazon Business System Administrators \(pdf\)](#)
 - Training and webinars are always available for the USDA Amazon Business.
 - [Amazon/GSA Commercial Platform](#)
 - [USDA Commercial Platforms Section 889 Compliance \(PDF\)](#)

National Defense Authorization Act (NDAA) 889

- For information on the Implementation of NDAA Section 889 (Public Law 115-232), please visit the [Procurement Policy Division Website](#). The PPD office is currently working to consolidate all the new NDAA 889 FAQs and the CCSC will inform the Coordinators of the new link as soon as it has gone live. If you have any questions, contact your APC or LAPC to email Procurement.Policy@usda.gov.
- For items “Sold and Shipped by Amazon”, the NDAA 889 certification is not required. If the vendor does not have a certificate, the cardholder should follow the steps outlined in the memo located at [Section+889+Micropurchase+Guidance.pdf \(usda.gov\)](#). Also, refer to [USDA Commercial Platforms Section 889 Compliance \(PDF\)](#) for guidance
- The 889 Certification form does not have to be a USDA created NDAA 889 Certification.
