Pollinator Workshop

June 25, 2010
8:00 AM—4:00 PM

Eccles Conference Center
Utah State University
Logan, Utah

Workshop Information

The USDA-ARS Bee Biology & Systematics Laboratory and Utah State University Cooperative Extension have collaborated to create this first-time pollinator workshop for the public.

The morning session will include experts who will speak about the spectacular world of bees, pollination of crops, wild bees, and landscaping for pollinators. The afternoon session will consist of hands-on workshops.

Who Should Attend

Agriculturalists, educators, landscape designers, gardeners, conservationists, and anyone interested in keeping bumble bees, blue orchard bees, alfalfa leafcutting bees, or honey bees.

Morning Presentations

Introduction—What Do You Mean, "Different Kinds of Bees?"

Pollination of Orchard Crops

Pollinators for Alfalfa Seed Production

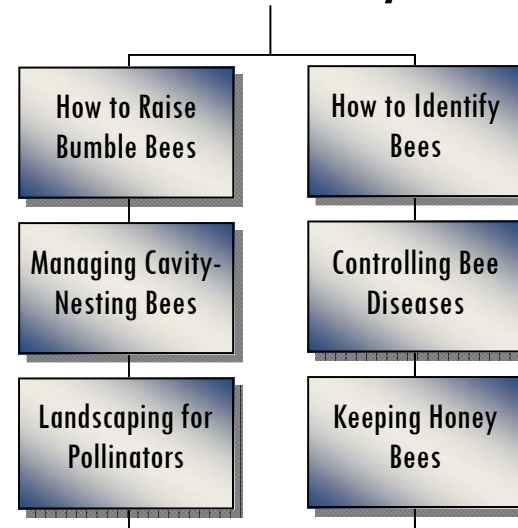

A Hidden World Revealed: An Introduction to the Spectacular World of Bees

Conservation of Wild Pollinators

Landscaping with Native Plants for Pollinators

Tour of USU Pollinator Gardens

Hands-On Workshops

Registration Information

A registration fee of \$30 is required to attend the presentations and workshop of your choice.

Seats are limited so **REGISTER NOW!**
Lunch is provided for each registered attendee.
