

# U.S. NATIONAL ARBORETUM

## ADMINISTRATION BUILDING AND VISITOR SERVICES

Landscape plantings highlight the very best of the National Arboretum plant introductions, while an array of aquatic plants and exotic koi fish flourish in a pool surrounding the building.

Introduction Garden • Container Gardens • Aquatic Plants • Auditorium • Information

## ASIAN COLLECTIONS

This dramatic landscape overlooking the Anacostia River features plants collected from the rich floras of temperate Asia, with an emphasis on plants from China, Korea, and Japan.

Japanese Woodland • Asian Valley • China Valley • Korean Hillside • Camellia Collection

NATIONAL BOXWOOD COLLECTION  
The most complete living collection of boxwood in the world covers 5 acres and contains over 100 *Buxus* species and varieties.

## NATIONAL CAPITOL COLUMNS

Twenty-two sandstone Corinthian columns that once stood at the east portico of the U.S. Capitol now create a picturesque landmark in the heart of the Arboretum.

Flowering Tree Walk • Capitol Columns Overlook

## NATIONAL HERB GARDEN

This 2 1/2-acre jewel includes 800 kinds of herbs from around the world growing in 10 theme gardens and a cottage-style garden filled with heritage roses and their companion plants.

Heritage Roses • Knot Garden • Theme Gardens

## FERN VALLEY

Native ferns, wildflowers, shrubs, and trees are planted in natural settings representing various habitats of the eastern United States.

Prairie and Meadow Garden

## FRIENDSHIP GARDEN

An innovative landscape of perennials abounds with year-round beauty, from the earliest spring bulbs to winter's elegant ornamental grasses.

Arbor House • Gift Shop • Friends of the National Arboretum Office • National Bonsai Foundation Office

## PERENNIAL COLLECTIONS

Formal beds of daffodils, peonies, and award-winning daylilies bloom exuberantly from late February through July.

Daffodils • Peonies • Daylilies

## YOUTH GARDEN

This 1-acre organic, hands-on garden springs alive in May as area youth and their families learn to plant and tend vegetables and herbs and to use their harvest to prepare healthy, tasty dishes.

Butterfly Garden • Heirloom Vegetables • Edible and Ornamental Border • Play Area

## HOLLY AND MAGNOLIA COLLECTIONS

Spring brings clouds of magnolia blossoms to this 10-acre planting. Winter is brilliant with the showy berries and glossy green leaves of holly. Scattered throughout are many of the Arboretum's magnolia and holly introductions.

## NATIONAL BONSAI & PENJING MUSEUM

Inspired by the design traditions of Japan, China, and North America, this superb collection of artistically trained trees is presented in three distinct pavilions, each complemented by its own meditative garden.

Chinese, Japanese, and North American Pavilions • Japanese Woodland • Asian Valley • China Valley • Tropical Conservatory • Exhibits Gallery

## NATIONAL BOXPWOOD COLLECTION

The most complete living collection of boxwood in the world covers 5 acres and contains over 100 *Buxus* species and varieties.

# GETTING TO THE NATIONAL ARBORETUM

The National Arboretum is located in northeast Washington, D.C., off New York Avenue (Route 50) and Bladensburg Road. Gates are located on the New York Avenue service road and at R and 24th Streets, off Bladensburg Road. (Use 24th and R Streets, N.E., when searching for directions online.) The closest Metrorail stop is Stadium-Armory Station on the blue and orange lines. Transfer to Metrobus line B2 and disembark on Bladensburg Road at Rand Street. Walk back to R Street and walk down R Street two blocks to the Arboretum entrance. Admission and parking are free.

United States Department of Agriculture  
Agricultural Research Service  
USDA is an equal opportunity provider and employer  
program aid no. 309  
Revised March 2014

United States Department of Agriculture

The U.S. National Arboretum is a U.S. Department of Agriculture research and education facility and a living museum. It is dedicated to serving the public and improving our environment by developing and promoting improved floral and landscape plants and new technologies through scientific research, educational programs, display gardens, and germplasm conservation. It is a national center for public education that welcomes visitors in a stimulating and aesthetically pleasing environment.

Established in 1927, the Arboretum is part of the Agricultural Research Service, the principal in-house research arm of the U.S. Department of Agriculture. ARS conducts research to develop and transfer solutions to agricultural problems of high national priority and provides information access and dissemination to ensure high-quality, safe food and other agricultural products; to assess the nutritional needs of Americans; to sustain a competitive agricultural economy; to enhance the natural resource base and the environment; and to provide economic opportunities for rural citizens, communities, and society as a whole. For more information about ARS, visit [www.ars.usda.gov](http://www.ars.usda.gov).

► The National Capitol Columns were carved from Virginia sandstone in the 1820s and removed from their original home, the U.S. Capitol, in 1958 during an expansion project.

## SEASONAL HIGHLIGHTS

**SPRING** arrives with the appearance of woodland wildflowers. Magnolias cloak themselves in fragrant blossoms before their leaves appear. Scilla and miniature daffodils spread a lavish carpet in the Introduction Garden, and cherry blossoms open as temperatures warm. Mount Hamilton's slopes are covered with thousands of azaleas as spring reaches its height. Dogwoods, crabapples, peonies, and roses complete spring's exuberant display.

**SUMMER** brings daylilies and crapemyrtles, welcoming the heat of summer with showy, resilient blooms. Herbs grow in harmony with myriad colors, textures, and scents. Waterlily flowers glisten like gems on the Administration Building pool. The prairie blooms in a rich tapestry of color. Meadows undulate in the summer wind.

At any time of year, you'll want to linger in the National Bonsai & Penjing Museum and survey a priceless collection of miniature trees. Throughout all seasons, dramatic vistas await you. Make it a point to see the Arboretum's meadows and forests, as well as the historic Capitol Columns.

Thousands of vividly colored Glenn Dale azaleas grow on Mount Hamilton among native trees like the flowering dogwood.

Arboretum crapemyrtle introductions such as 'Tuskegee' provide colorful accents in the Gotelli Dwarf and Slow-growing Conifer Collection.

The Entrance Garden of the National Herb Garden, the largest designed herb garden in the Nation, features seasonally changing planting beds.

A Chinese-style pagoda provides a panoramic view of the Asian Collections and the Anacostia River.

**January–February–early March**  
Witch-hazels, hollies, dwarf conifers

**Late March–early April**  
Magnolias, spring bulbs

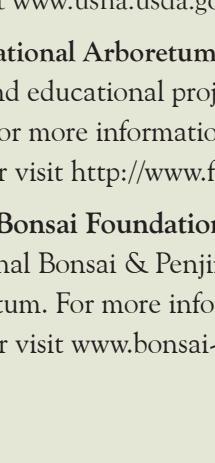

**Mid-April**  
Woodland wildflowers, flowering cherries

**Late April–May**  
Crabapples, dogwoods, azaleas, peonies, roses

**June–July–August**  
Daylilies, waterlilies, crapemyrtles, herbs, meadow wildflowers

**September–October**  
Crabapple and viburnum fruits, herbs, meadow wildflowers

**November–December**  
Holly berries, conifers, boxwood, camellias

The design of the 1960s Administration Building echoes the upright and branching structure of trees.

In case of emergency, contact Security at (703) 906-1910.
