

United States Department of Agriculture

Agricultural Research Service  
**Subtropical Horticulture Research Station  
(SHRS)**  
**COMMUNITY DAY**

***Celebrating 101 years of Scientific Achievement at SHRS***

**Saturday, June 29, 2024**

**10:00 a.m. – 3:00 p.m.**

**FREE and open to the public. Rain or shine!**

**Scientific Achievement at SHRS is the focus** of this year's USDA-ARS Community Day at Chapman Field. Come join us at this USDA research facility, see how agricultural research and experiments are done, and learn the fascinating history of this property.

Over the years, this station has been responsible for introducing and developing many of our favorite plants and fruits here in South Florida. This is an opportunity to learn more about the many contributions that scientists at this facility have made and continue to make that benefit our community and our nation.

- This event will feature presentations by Dr. Singh, Research Leader, Dr. McGuire, retired Plant Pathologist, Dr. Ledesma, from Love of Mangos Corp., Dr. Schnell, retired Research Geneticist, and Mr. Gonzalez, Regional Administrator for DPI.
- Food vendors, plant sales, demonstrations, children's activities, and educational displays will all be on site for your education and enjoyment.
- Lab, trolley, and walking tours of the over 200-acre experimental groves and extensive plant collections.
- The USDA-ARS station will also be distributing **FREE mango refreshments and plumeria cuttings** while supplies last.

Where: USDA-ARS, 13601 Old Cutler Rd, Miami. (Entrance off Deering Bay Dr.)  
USDA is located between Pinecrest and Palmetto Bay.
