

AGM Weekly Update

Good Day AGMers,

Just the highlights this week. Be sure to check out the biomass chart for the AGM herds stay in Salt Flat.

Highlights of Happenings:

- “We treated 5 pink eyes, one foot rot, and put a pedometer back on when the AGM herd went through the corrals on their way to Nighthawk.” -Jeff
- Entry and exit VORs and patch burned biomass totals for Salt Flat and Nighthawk are summarized below.
- The precipitation total for June was 1.95 and the July total so far is 0.66.

Above: Biomass totals from clipping (On burn) and VORs (Off burn) in Salt Flat.

Forage on
Patch Burns
Lbs/ac

Saltflat	460
Nighthawk	1573

Above: Biomass on patch burns, based on 20 clipped quadrat per burn, 7/7/2015

On behalf of the USDA-ARS-Rangeland Resources Research Unit, I thank you all for your continued participation in this project.
